LEVERAGE THE POWER OF CONTACTLESS DISBURSEMENTS

Tyler's Disbursements software streamlines and connects digital disbursements and card issuance on a single platform, empowering your agency to make payouts, both individually and en masse, for a variety of government needs, including jury duty, court-mandated child support, restitution, procurement, unemployment, inmate release, election workers, vendor payments, and more.

WITH TYLER'S DISBURSEMENTS PLATFORM YOU CAN:

- Make funds available to payees immediately after being paid, through a variety of claim options — bank transfer, instant bank transfer, PayPal®, Venmo®, check, charitable donation, gift card, and more
- Offer unbanked residents instant convenience and security — payee funds are safe and secure in an FDIC-insured account
- Reduce check fraud risk
- Reconcile bank accounts immediately
- Eliminate lost or stolen checks
- Slash disbursement costs — no more exorbitant paper check and postage costs
- Integrate with systems for accounting and finance, court management, case management, jury management, commissary, and more
- Have physical checks mailed on your behalf, when an electronic payable option is not available
- Meet stringent audit requirements by reducing or eliminating cash handling on site
